Summer Volunteer Opportunities!

Another school year has ended de la Howe, and what a good one it was! At the Honors' programs on May 28, many youth were recognized for their accomplishments. This was not only a very proud moment for those students, but certainly for the many staff, volunteers, and families who have worked hard this year to help them reach that point.

Summer brings educational and spiritual enrichment opportunities as well as therapeutic activities for de la Howe students who will be on campus during two sessions: Session I (June 8-26) and Session II (July 6-31). One of those therapeutic activities will be our Summer Production Program, scheduled for Wednesday afternoons from 3 to 5 PM. We have had some volunteers agree to work with our groups, but we still need additional help with craft production. If you could help only one or two times in a session, that would be a great help!

The Barn has two Saturday afternoon (12:30 PM to 4 PM) vacancies for volunteers, the first and third Saturday afternoons. This is a great way to help students market their craft products as well as get to know the community better as you work together with them and get to meet some new people yourself!

To all of our valuable volunteers who have helped us and continue to help us in so many ways, we say thank you! And to those who are thinking about getting more involved, we look forward to hearing from you! Have a great summer!

- Linda Kidd, HTI Coordinator

Thanks to Shirley and Paul Hudson for continuing to head this up for us.

Staffing/Transportation Committee: This committee met when our volunteer hours were tabulated for us on the last Saturday in May by Mick Goode, Elizabeth Link, and a student. Total hours for April totaled 973!
